## FORM AP-15: Supplemental Information Report

Reporting requirements are set forth in 15 CFR Part 783 of the U.S. Department of Commerce (DOC) Regulations and 10 CFR Parts 75 and 110 of the U.S. Nuclear Regulatory Commission (NRC) Regulations.

### **INSTRUCTIONS:**

Submit Form AP-15 in response to a DOC or NRC request for supplemental information on a reportable activity. Information may also be requested about (1) a location on an adjoining address outside your location, which the IAEA suspects might be functionally related to the nuclear fuel cycle-related activities of your location or (2) equipment or nuclear equipment that is being exported from the United States. If such a request occurs, BIS or NRC will provide you with instructions on how to report.

**Question 15.1 Reporting Code:** Provide the site reporting code, assigned by BIS, that was reported to you after your Initial Report was received. If you have not previously provided information to BIS, a reporting Code will be assigned and provided to you with the request for this information.

**Question 15.2 Information Responding to the Request:** Provide a response to the specific clarifying request made by the IAEA that was forwarded to you either through BIS or NRC.

**Question 15.3 Continuation Form:** Check this box if a Continuation Form, Form AP-16, has been used to provide additional information for any of the above questions.
