[Docket No. 0809021173-81210-01]

RIN: 0694-AE46

Addition of Certain Persons to the Entity List; Removal of General Order from the Export Administration Regulations (EAR)

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final Rule.

SUMMARY: This rule amends the Export Administration Regulations (EAR) by adding additional persons to the Entity List (Supplement No. 4 to Part 744) on the basis of Section 744.11 of the EAR. These additional persons being added to the Entity List have been

determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States.

Two types of persons are being added to the Entity List by this rule. The first type is persons that were listed on General Order No. 3 prior to publication of this rule, that are now moved to the Entity List with publication of this rule. There were 33 persons listed on the general order and all of those persons are now listed on the Entity List with the publication of this rule. These were persons concerning whom the U.S. Government possessed information regarding the acquisition or attempted acquisition of electronic components and devices (“commodities”) capable of being used in the construction of Improvised Explosive Devices (“IEDs”). These commodities have been, and may continue to be, employed in IEDs or other explosive devices used against Coalition Forces in Iraq and Afghanistan.

The second type of persons being added to the Entity List with this rule are certain additional persons that were not previously listed on the general order, but are of concern to the U.S. Government for the same reasons as those other persons that were previously listed on the general order. This rule adds these additional persons to the Entity List also on the basis of Section 744.11.

This rule removes and reserves the general order because all of the persons from the general order are now listed on the Entity List with the publication of this rule. The Entity List provides notice to the public that certain exports and reexports to parties identified on the Entity List

require a license from the Bureau of Industry and Security (BIS) and that availability of License Exceptions in such transactions is limited.

EFFECTIVE DATE: This rule is effective [INSERT DATE OF PUBLICATION]. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis.

SUPPLEMENTARY INFORMATION

Background

In Supplement No. 4 to part 744 (The Entity List), this rule adds 108 persons to the Entity List on the basis of Section 744.11 of the EAR. In total, this rule adds 115 new entries to the Entity List, including seven (7) additional entries for newly added persons with multiple addresses. Eight (8) of the entries being added include aliases for persons being added. The Entity List provides notice to the public that certain exports and reexports to parties identified on the Entity List require a license from the Bureau of Industry and Security (BIS) and that availability of License Exceptions in such transactions is limited.

These additional persons being added to the Entity List have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States. Specifically, these parties are of concern to the United State Government under Section

744.11 (License Requirements that Apply to Entities Acting Contrary to the National Security or Foreign Policy Interests of the United States) of the EAR.

Pursuant to Supplement No. 5 to Part 744 (Procedures for End-User Review Committee Entity List Decisions), the End-User Review Committee (ERC) made the decision to add these 108 persons to the Entity List on the basis of Section 744.11. The ERC, composed of representatives of the Departments of Commerce, State, Defense, Energy and, where appropriate, the Treasury, make all decisions to make additions to, removals from or changes to the Entity List. The ERC is chaired by the Department of Commerce and will make all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote.

The ERC reviewed Section 744.11(b) (Criteria for revising the Entity List) in making the determinations to add these persons to the Entity List. Under that paragraph, entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entity has been involved, is involved, or poses a significant risk of being or becoming involved in activities that are contrary to the national security or foreign policy interests of the United States and those acting on behalf of such entities may be added to the Entity List pursuant to Section 744.11. Paragraph (b) includes an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States, including paragraph (b)(1) (Supporting persons engaged in acts of terror).

As was noted in the final rule that added Section 744.11 to the EAR on August 21, 2008 (73 FR 49311), the persons described in General Order No. 3 in Supplement No. 1 to part 736 of the

EAR would be considered persons engaged in acts of terror for purposes of Section 744.11 of the EAR. However, given that the general order predated the expansion of the Entity List (i.e., the general order was first published on June 5, 2006 and later amended on September 6, 2006 and June 8, 2007), BIS had to rely on the ad hoc procedure of issuing a general order and later amending that general order to impose a license requirement on these persons of concern. With the addition of Section 744.11 to the EAR, BIS can now move these persons from the general order to the Entity List, which BIS believes will simplify the EAR by reducing the need to issue general orders to impose license requirements on specific parties, thereby reducing the number of EAR provisions that the public would be required to review to determine license requirements under the EAR.

Introduction to the general order

Pursuant to 15 C.F.R. parts 736 and 744, General Order No. 3, which was published on June 5, 2006 and subsequently amended on September 6, 2006, imposes a license requirement for exports and reexports of all items subject to the EAR (15 C.F.R. 730-774) where the transaction involved Mayrow General Trading (“Mayrow”) or related entities. The initial general order and the subsequent September 2006 amendment listed persons who were related to Mayrow and concerning whom the U.S. Government possessed information regarding the acquisition or attempted acquisition of electronic components and devices (“commodities”) capable of being used in the construction of Improvised Explosive Devices (“IEDs”). These commodities have been, and may continue to be, employed in IEDs or other explosive devices used against Coalition Forces in Iraq and Afghanistan.

In light of additional information that the U.S. Government received regarding continuing activity relating to commodities that are capable of use in the construction of IEDs, as well as a broader concern relating to the risk of diversion of commodities for such a purpose, the general order was subsequently amended in a rule published on June 8, 2007 that expanded the scope of the general order. Sixteen additional persons who fit within the expanded scope of the order were also listed at that time.

Pursuant to the June 8, 2007 expansion, the general order imposes a license requirement for exports and reexports of all items subject to the EAR where the transaction involves persons in one of two groups. First, the general order covers persons whom the U.S. Government has reason to believe, based on specific and articulable facts, are affiliated with or related to Mayrow. Inclusion of such persons guards against the risk that persons may attempt to evade the general order's bar on unlicensed exports or reexports to Mayrow by diverting commodities to Mayrow or to persons who are affiliated with or related to Mayrow. The general order covers such persons by specifically listing them.

Second, the general order covers persons whom the U.S. Government has reason to believe, based on specific and articulable facts, have acquired or attempted to acquire commodities that are capable of being used in the construction of IEDs. These commodities have been, and may continue to be, employed in IEDs or other explosive devices used against Coalition Forces in Iraq and Afghanistan. The general order covers such persons by specifically listing them. To guard against the risk of diversion of such commodities for IED-related purposes, the order also specifically lists the persons who are affiliated with or related to such persons.

Removal of general order from the EAR

In Supplement No. 1 to part 736 (General Orders), this rule removes and reserves the general order because all of the persons from the general order will now be listed on the Entity List with the publication of this rule.

Persons being added to the Entity List

The persons being added to the Entity List with this rule can be broken down into two types of persons. The first type is persons that were listed on General Order No. 3, prior to publication of this rule, that are now moved to the Entity List with publication of this rule. There were 33 persons listed on the general order and all of those persons are now listed on the Entity List with the publication of this rule.

The second type of persons being added to the Entity List with this rule is 75 additional persons that were not previously listed on the general order, but are of concern to the U.S. Government for the same reasons as those other persons that were previously listed on the general order.

This rule adds these additional persons to the Entity List also on the basis of Section 744.11.

Implementation of the ERC decision

This rule implements the decision of the ERC to add these 108 persons to the Entity List on the basis of Section 744.11 of the EAR. For these persons being added to the Entity List, the ERC decided to specify a license requirement for all items subject to the EAR and establish a license application review policy of a general policy of denial. A license requirement applies to any

transaction in which items are to be exported or reexported to such persons or in which such persons acts as purchaser, intermediate consignee, ultimate consignee, or end-user. In addition, the ERC decided that no license exceptions are available for shipments to those persons being added to the Entity List.

In addition, the ERC decided to add separate listings on the Entity List for persons that had additional addresses in multiple countries (seven had addresses in multiple countries). Persons with aliases were included in the same entries (eight persons had aliases). In total, 115 additional entries are being added to the Entity List with this rule. For those entries with multiple addresses a note will be included in the Entity List column entry for each of those entries that will direct exporters to the alternate listing on the Entity List. BIS is adding these additional entries to assist the public in better identifying these persons of concern.

Specifically, this rule adds the following 108 persons under 115 entries, to account for the 7 persons with addresses in multiple countries, to the Entity List:

Note: persons designated by an asterisk in the following list were listed on the general order.

Persons with multiple addresses have separate listings on the Entity List with cross references.

Persons with aliases are listed in the same entry.

Under these entries on the Entity List, a BIS license is required for the export or reexport of any item subject to the EAR to any of the persons listed above, including any transaction in which any of the listed persons will act as purchaser, intermediate consignee, ultimate consignee, or end-user of the items. This listing of these persons also prohibits the use of License Exceptions (*see* part 740 of the EAR) for exports and reexports of items subject to the EAR involving such persons.

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as extended by the Notice of July 23, 2008, 73 FR 43603 (July 25, 2008), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act.

Rulemaking Requirements

1. This rule has been determined to be significant for purposes of Executive Order 12866.
2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the

requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by the OMB under control numbers 0694-0088, "Multi-Purpose Application," which carries a burden hour estimate of 58 minutes to prepare and submit form BIS-748. Miscellaneous and recordkeeping activities account for 12 minutes per submission. Total burden hours associated with the Paperwork Reduction Act and Office and Management and Budget control number 0694-0088 are expected to increase slightly as a result of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military or foreign affairs function of the United States. (*See* 5 U.S.C. § 553(a)(1)) Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 et. seq., are not applicable.
