Attn: Section 232 Team, steel232-exp@bis.doc.gov

Re: Relief from Quantitative Limitation Applicable to Certain Steel Articles for Brazil for Parties with Preexisting Contracts that Meet Specified Criteria; Section 232 National Security Investigations of Steel Imports.

As set forth in Presidential Proclamation 10064 of August 28, 2020, President Trump directed that the Secretary of Commerce shall on an expedited basis, grant relief from the quantitative limit applicable to subheading 9903.80.57 (now 9903.80.62) for steel articles meeting the conditions enumerated in the temporary final rule RIN 0694-AI26, 15 C.F.R. § 705. Supp. 1(j) (Temporary Final Rule), *Procedures to Grant Relief from the Quantitative Limitation Applicable to Certain Steel Articles for Brazil for Parties with Preexisting Contracts that Meet Specified Criteria*, 85 Fed. Reg. 64,377 (Oct. 13, 2020).

On behalf of ArcelorMittal Calvert LLC, relief is being sought for the following steel articles:

- (1) HTS Classification: 7207.12.00; 7224.90.00
- (2) Quota category HTS classification (Chapter 99): 9903.80.57 (now 9903.80.62)
- (3) Country of Origin: Brazil
- (4) Total Quantity of relief requested: 39,995,030 Kilograms

HTS 7207.12.00.50: 21,259,890 Kilograms

HTS 7224.90.00.55: 18,735,140 Kilograms

The statement below attests that all of the following criteria set forth in RIN 0694-AI26 (15 C.F.R. § 705. Supp.1(j) (Temporary Final Rule)) are met:

- (A) The party requesting relief entered into a contract or other written agreement for the production and shipment of such steel article before August 28, 2020;
- (B) Such agreement specifies the quantity of such steel article that is to be produced and shipped to the United States prior to December 31, 2020;

- (C) Such steel article is to be used in production activities in the United States and such steel article cannot be procured from another supplier to meet the delivery schedule and specifications contained in such agreement; and
- (D) Lack of relief from the quantitative limitation on such steel article would significantly disrupt the production activity in the United States for which the steel article specified in such agreement is intended;
 - (ii) The party requesting relief will accurately report to U.S. Customs and Border Protection (CBP), in the manner that CBP prescribes, the quantity of steel articles entered for consumption, or withdrawn from warehouse for consumption, pursuant to any grant of relief; and
 - (iii) The quantity of steel articles entered pursuant to a grant of relief will not exceed the quantity for which the Secretary has granted relief.
