

Event

Joint U.S.-EU Stakeholders Virtual Outreach on Dual-Use Export Controls: October 27, 2021

Following the successful first meeting of the U.S.-EU Trade and Technology Council (TTC) in Pittsburgh on September 29, 2021, and in light of the Joint Statement recognizing the importance of effective controls on trade in dual-use items for protecting international security and supporting a global level-playing field – the U.S. and EU invite stakeholders to participate to an outreach event.

The Joint U.S.-EU Stakeholders Outreach event will provide an opportunity for experts from industry, academia and the general public to review and discuss, with representatives of the U.S. and EU authorities, principles and areas for export control cooperation identified in the Pittsburgh Joint Statement. Stakeholders are invited to submit inputs, questions and comments in advance to the event by writing to TTCExportControls@bis.doc.gov. Participants will also be invited to share views during the event.

Lead participants

- U.S. Department of Commerce - Bureau of Industry and Security (BIS)
- U.S. Department of State – Bureau of International Security and Nonproliferation (ISN)
- European Commission DG TRADE Unit F4 Technology and Security, FDI Screening
- EU Member States Dual Use Export Control Authorities
