

U.S. DEPARTMENT OF COMMERCE Bureau of Industry and Security		Date Received (Leave Blank)
U.S. NUCLEAR REGULATORY COMMISSION Office of Nuclear Materials Safety and Safeguards		
ADDITIONAL PROTOCOL REPORT		
FORM AP-K: LOCATION OF IAEA SAFEGUARDS-TERMINATED WASTE MATERIAL		
Submit this form to report holdings of or changes in location of material on which IAEA Safeguards have terminated. A separate form should be submitted for each type of material held or moved.		
K.1	Site Reporting Code (once assigned):	
K.2	Activity Reporting Status New activity Activity with no changes Activity with changes Ceased Activity	
K.3	Identify building name(s)/number(s) (as it appears on the site map submitted with Form AP-B), and any additional information that more precisely defines where the IAEA Safeguards-Terminated material is currently located(e.g. room numbers):	
K.4	Waste Type Prior to Conditioning:	
	Conditioned Form:	Quantity: Units:
	Qty Pu (g):	Qty HEU (g): Qty U-233 (g):
K.5	Prior Location: Identify building name(s)/number(s) (as it appears on the site map submitted with Form AP-B), and any additional information that more precisely defines the prior location on your site of the IAEA Safeguards-Terminated material(e.g. room numbers):	
K.6	OR Identify the address of the prior location, if previously located at a different address:	
	Street Address:	
	City:	State: Zip Code:
K.7	Check this box if a Continuation Form (Form AP-P) has been used to provide additional information for any of the above questions.	

FORM AP-K: Location of IAEA Safeguards-Terminated Material

Reporting requirements are set forth in 10 CFR Parts 75 and 110 of the U.S. Nuclear Regulatory Commission (NRC) Regulations.

INSTRUCTIONS:

Submit Form AP-K to report holdings of or changes in location of material on which IAEA Safeguards have terminated. If reporting holdings of this type of material, complete Questions K.1 through K.3. If reporting a change of location in this type of material, complete Questions K.1 through K.5. A separate form AP-K should be submitted for each type of material that is held or moved.

Question K.1 Site Reporting Code: A site code will be assigned and reported to you once your Initial Report is received by BIS. The site reporting code must appear on all future forms pertaining to this site.

Question K.2 Activity Reporting Status: Indicate the current reporting status by checking the appropriate box (i.e., “New Activity” to report an activity for the first time, “Activity with changes” or “Activity with no changes” if a report for this activity was previously submitted, or “Ceased Activity” for an activity that ended during the reporting year and will not be reported in future years). If the information previously reported for this specific activity has not changed, you are not required to complete the rest of this form, instead check the “Activity with no changes” box and submit along with Forms AP-A, AP-B, AP-C, and any other required activity forms.

Question K.3 Building Information: Provide the name or number for the building, as it appears on the site map

submitted with Form AP-B, and, if needed, room number(s) and any additional information that more precisely defines where the IAEA Safeguards-Terminated material is currently located.

Question K.4 Description of IAEA Safeguards-Terminated Material: Describe what type of waste the material currently at your location was prior to its conversion to its IAEA Safeguards-Terminated form. Provide the form that this conditioned material is in now (e.g., vitrified waste or cemented waste), and the quantity and units (e.g., canisters, drums, etc.) of material present at your site. Round to the nearest ten if the amount is more than 10 but less than 1000 (e.g., 27 to 30, 148 to 150). Round to the nearest 2 significant figures if 1000 or more (e.g., 1525 to 1500, 15782 to 16000, etc.). Also provide the amount of plutonium, highly enriched uranium, and/or uranium-233 present in this material in grams.

Questions K.5 and K.6 Prior Location of IAEA Safeguards-Terminated Material: If the IAEA Safeguards-Terminated material was previously located in another building on your site, provide the appropriate building information in Question K.4 and leave the address in K.6 blank. If the material was previously located off-site, provide the address for the prior location of this material in the space provided in K.6.

Questions K.7 Continuation Form: Check this box if a Continuation Form, Form AP-P, has been used to provide additional information for any of the above questions.
