**“Complying with U.S. Export Controls”**

**April 23-24, 2024**

**Sheraton Gateway Los Angeles Hotel**  
**6101 W. Century Blvd.**  
**Los Angeles, CA 90045**

This two-day program is led by BIS's professional counselling staff and provides an in-depth examination of the Export Administration Regulations (EAR). The program will cover the information exporters need to know to comply with U.S. export control requirements under these regulations. We will focus on what items and activities are subject to the EAR; steps to take to determine the export licensing requirements for your item; how to determine your export control classification number (ECCN); when you can export or reexport without applying for a license; Automated Export System (AES) procedures and requirements; sanctions programs; Export Compliance Program (ECP) concepts; and real-life examples in applying this information. Presenters will conduct a number of "hands-on" exercises that will prepare you to apply the regulations to your own company's export activities. This one-of-a-kind program is well suited for those who need a comprehensive understanding of their obligations under the EAR.

**About the Instructors**

The instructors are experienced export policy specialists, and enforcement personnel from BIS's field offices. This seminar will also include guest speakers from the U.S. Census Bureau and the Department of Treasury, Office of Foreign Assets Control. The instructors will be available during the seminar to answer your questions.
