

\$100,000 to stay in business. ARSA maintains that measuring the impact on small businesses based on annual revenues is not appropriate. ARSA asserts that the FAA should measure economic impact based on profits. The FAA has reviewed ARSA's suggestion and determined that it is not appropriate for this analysis. Use of annual revenues is consistent with the SBA's measure of the impact on small businesses. See 13 CFR 121.106; 121.201. Thus, based on the projected costs for the smallest of entities that could be affected by this final rule, the FAA concludes no firm would incur a significant economic impact. Accordingly, although a substantial number of small businesses are impacted by this rule, because the economic impact is not significant, under 5 U.S.C. 605(b), I certify, as the FAA Administrator, that this rule will not have a significant economic impact on a substantial number of small entities.

Issued in Washington, DC, on July 7, 2011.

RIN 0694-AF23

Technical Amendment to the Authorization Validated End-User Regulations of the Export Administration Regulations

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: In this rule, the Bureau of Industry and Security (BIS) amends the Export Administration Regulations (EAR), Supplement No. 7 to Part 748—Authorization Validated End-User (VEU): List of Validated End-Users, Respective Items Eligible for Export, Reexport and Transfer, and Eligible Destinations—to add a column that lists **Federal Register** citations for the respective entries. This rule does not make any substantive changes to Supplement No. 7 or elsewhere in the EAR.

DATES: This rule is effective July 12, 2011.

SUPPLEMENTARY INFORMATION:

Background

Authorization Validated End-User (VEU)

BIS amended the EAR in a final rule on June 19, 2007 (72 FR 33646), creating a new authorization for “validated end-users” (VEUs) located in eligible destinations to which eligible items may be exported, reexported, or transferred (in-country) under a general authorization instead of a license, in conformance with section 748.15 of the EAR.

VEUs may obtain eligible items that are on the Commerce Control List, set forth in Supplement No. 1 to Part 774 of the EAR, without having to wait for their suppliers to obtain export licenses from BIS. Eligible items may include commodities, software, and technology, except those controlled for missile technology or crime control reasons.

The VEUs listed in Supplement No. 7 to Part 748 of the EAR were reviewed and approved by the U.S. Government in accordance with the provisions of section 748.15 and Supplement Nos. 8 and 9 to Part 748 of the EAR. The End-User Review Committee (ERC), composed of representatives from the Departments of State, Defense, Energy and Commerce, and other agencies, as appropriate, is responsible for administering the VEU program. A unanimous vote by the ERC is required to authorize VEU status for a candidate or to add eligible items to an existing authorization. Majority vote of the ERC is required to remove VEU authorization or to remove eligible items from an existing authorization.

In addition to U.S. exporters, Authorization VEU may be used in accordance with the provisions of the EAR by foreign reexporters and by persons transferring in-country, and it does not have an expiration date. VEUs are subject to regular reviews, based on information available to the United States government, to ensure that items shipped under Authorization VEU are used for civilian purposes. In addition, VEUs are subject to on-site reviews as warranted.

As of the date of this rule, pursuant to section 748.15(b) of the EAR, VEUs are only located in the PRC and India.

Amendment to Supplement No.7 to Part 748 of the EAR

In this final rule, BIS amends the EAR, Supplement No.7 to Part 748 Authorization Validated End-User (VEU): List of Validated End-Users, Respective Items Eligible for Export, Reexport and Transfer, and Eligible Destinations to add a column that lists **Federal Register** citations for the respective entries. This rule does not make any substantive changes to Supplement No.7 or elsewhere in the EAR.

The **Federal Register** citation that appears first for each VEU in the new column added to Supplement No. 7 indicates the initial date on which the authorization for that listed VEU and its respective list of approved “Eligible Items” and “Eligible Destinations” were published in the **Federal Register** and became effective. Subsequent citations indicate the dates on which amendments to a VEU’s authorization were published in the **Federal Register** and became effective.

Since August 21, 2001, the Export Administration Act has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 CFR, 2001 Comp. p. 783 (2002)), as extended most recently by the Notice of August 16, 2010 (75 FR 50681, August 16, 2010), has continued the EAR in effect under the International Emergency Economic Powers Act. BIS continues to carry out the provisions of the Act, as appropriate and to the extent permitted by law, pursuant to Executive Order 13222.

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provisions of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501, *et seq.*) (PRA), unless that collection of

information displays a currently valid Office of Management and Budget (OMB) Control Number. This rule does not involve a collection of information, and, therefore, does not implicate requirements of the PRA.

3. This rule does not contain policies with Federalism implications as that term is defined under Executive Order 13132.

4. The Department finds that there is good cause under 5 U.S.C. 553(b)(A) and (B) to waive the provisions of the Administrative Procedure Act (APA) requiring prior notice and the opportunity for public comment because they are unnecessary. This rule is procedural, which is exempted from the notice and comment requirements of the APA. This rule only adds a column to the existing Supplement No. 7 to Part 748 of the EAR for purposes of

providing **Federal Register** citations for entries in the Supplement to the public. Because these revisions are not substantive changes, it is unnecessary to provide notice and opportunity for public comment. In addition, the 30-day delay in effectiveness required by 5 U.S.C. 553(d) is not applicable because this rule is not a substantive rule. Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under the APA or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Therefore, this regulation is issued in final form.
