Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at https://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s web page at https://www.faa.gov/air-traffic/publications/airspace-amendments/

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the ADDRESSES section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace extending upward from 700 feet above the surface at Dean Griffin Memorial Airport, Wiggins, MS. This action would enhance safety and the management of IFR operations at the airport.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order. FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

ASO MS E5 Wiggins, MS [New]

Dean Griffin Memorial Airport, MS (Lat. 30°54′35″ N, long. 89°00′41″ W)

That airspace extending upward from 700 feet above the surface within a 6.6-mile radius of Dean Griffin Memorial Airport, excluding that airspace within Desoto 1 and Desoto 2 MOAs, when active.

Director, Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, by phone at (202) 482-2440 or email at rpd2@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background
As published on May 22, 2019 (84 FR 23468), extended and amended through a final rule published on August 21, 2019 (84 FR 43487), and as currently extended through a final rule published on February 18, 2020 (85 FR 6722) Commerce has authorized the temporary general license (TGL) to Huawei Technologies and 114 of its non-US affiliates on the Entity List. This extension authorizes support of existing networks and equipment as well as the support of existing mobile services. Exporters, reexporters, and transferors are required to maintain certifications and other records, to be made available when requested by BIS, regarding their use of the temporary general license. This TGL in Supplement No. 7 to part 744 of the Export Administration Regulations (EAR) is limited to authorizing transactions to one or more of the activities described in paragraphs (c)(1) through (3) of the TGL, destined to Huawei Technologies Co., Ltd. (Huawei) or any of its affiliates listed on the Entity List.

As published on May 22, 2019 (84 FR 22961), and as revised and clarified by a final rule published on August 21, 2019 (84 FR 43493), any exports, reexports, or in-country transfers of items subject to the EAR to any of the listed Huawei entities as of the effective date they were added to the Entity List continue to require a license, with the exception of transactions explicitly authorized by the temporary general license and eligible for export, reexport, or transfer (in-country) prior to May 16, 2019 without a license or under a license exception. License applications will continue to be reviewed under a presumption of denial, as stated in the Entity List entries for the listed Huawei entities.

No persons are relieved of other obligations under the EAR, including but not limited to licensing requirements to the People’s Republic of China (PRC or China) or other destinations and the requirements of part 744 of the EAR. The temporary general license also does not authorize any activities or transactions involving Country Group E countries (i.e., Cuba, Iran, North Korea, Sudan, and Syria) or nationals.

Request for Comments on Future Extensions of Validity
BIS welcomes comments from the public on the impact on companies, organizations, individuals, and other impacted entities in the following areas.
1. What would be the impact on your company or organization if the temporary general license is not extended?
2. Given the TGL was implemented to prevent the interruption of existing network communication systems and equipment, as set forth in paragraphs (c)(1) through (3) of the TGL, and allow time for companies and persons to shift to other sources of equipment, software and technology (i.e., those not produced by Huawei or one of its listed affiliates), what would be required for your organization or industry to achieve such an end-state? For your industry or organization how long would it take until the authorization(s) in the temporary general license would no longer be required? What are costs associated with this shift and are there issues where the prohibited equipment, software and technology are prevalent and alternative solutions may not be available? Are there specific use cases where cessation of use is not feasible?
3. If the TGL is extended, what potential revisions should BIS consider to enhance effectiveness for both covered transactions and transactions outside of the scope of the temporary general license?
4. What potential alternatives to either extending the TGL or allowing it to expire will facilitate compliance with the supplemental requirements of the Entity List entries for Huawei and its listed affiliates while reducing complexity for implementation purposes?
5. There may be further costs associated with the current extension or non-extension of the current TGL (e.g., lost business opportunities)—what are they and what additional guidance should BIS consider?

Instructions for the submission of comments, including comments that contain business confidential information, are found in the ADDRESSES section of this notice.

Richard E. Ashoob.
Assistant Secretary for Export Administration.

BILLING CODE 3510–33–P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900–AP39

Adaptive Equipment Allowance

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: This document proposes to amend the Department of Veterans Affairs (VA) regulations governing the provision of a monetary allowance to certain veterans and eligible members of the Armed Forces who require adaptive equipment to operate an automobile or other conveyance. This proposed rule would establish in regulation a VA Adaptive Equipment Schedule for Automobiles and Other Conveyances to calculate the amount of the monetary allowance for adaptive equipment (AE) based on industry standards and our experience administering this program. This rulemaking addresses reimbursement to eligible persons who have paid for AE and payments made by VA directly to registered AE providers, but not the eligibility requirements to receive adaptive equipment.

DATES: Comments must be received by VA on or before May 11, 2020.

ADDRESSES: Written comments may be submitted through http://www.Regulations.gov; by mail or hand-delivery to: Director, Office of Regulation Policy and Management (00REG), Department of Veterans Affairs, 810 Vermont Avenue NW, Room 1064, Washington, DC 20420; or by fax to (202) 273–9026. (This is not a toll-free telephone number.) Comments should indicate that they are submitted in response to “RIN 2900–AP39, Adaptive Equipment Allowance.” Copies of comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1064, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays).
