

G Street NW, Washington, DC 20552, on official business days between the hours of 10:00 a.m. and 5:00 p.m. Eastern Time. You can make an appointment to inspect the documents by telephoning 202-435-9169.

All comments, including attachments and other supporting materials, will become part of the public record and subject to public disclosure. Proprietary or sensitive personal information, such as account numbers, Social Security numbers, or names of other individuals, should not be included. Comments will not be edited to remove any identifying or contact information.

FOR FURTHER INFORMATION CONTACT: Seth Caffrey or Kristin McPartland, Senior Counsels, Office of Regulations, at 202-435-7700. If you require this document in an alternative electronic format, please contact CFPB_accessibility@cfpb.gov.

SUPPLEMENTARY INFORMATION: On February 21, 2020, the Bureau issued an SNPRM proposing to amend Regulation F, 12 CFR part 1006, to prescribe Federal rules governing the activities of debt collectors, as that term is defined in the FDCPA. The SNPRM was published in the Federal Register on March 3, 2020.¹ The SNPRM proposed to require debt collectors to make certain disclosures when collecting time-barred debts.

The SNPRM provided a 60-day public comment period that was set to close on May 4, 2020. Given the challenges posed by the COVID-19 (coronavirus infection) pandemic, we have received requests from stakeholders to give interested parties more time to conduct outreach to relevant constituencies and to properly address the many questions presented in the SNPRM. The Bureau believes that an extension of the SNPRM comment period to June 5, 2020, is appropriate. This extension should allow interested parties more time to prepare responses to the SNPRM without delaying the rulemaking. The SNPRM comment period will now close on June 5, 2020.

Kathleen L. Kraninger,

Director, Bureau of Consumer Financial Protection.

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

15 CFR Part 744

[Docket No. 200324-0087]

RIN 0694-ZA02

Request for Comments on Future Extensions of Temporary General License (TGL)

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Notification of inquiry; reopening comment period.

SUMMARY: The Bureau of Industry and Security (BIS) issued a notification of inquiry requesting comments on future extensions of a temporary general license under the Export Administration Regulations (EAR), published in the **Federal Register** on March 12, 2020 with the comment period starting on the date of display on the public inspection list on March 10, 2020 and closing on March 25, 2020. This notification reopens the comment period through April 22, 2020. Comments submitted anytime between March 10, 2020 and April 22, 2020 will be accepted and considered.

DATES: The comment period for the document published on March 12, 2020 (85 FR 14428), is reopened. Submit comments on or before April 22, 2020.

ADDRESSES: You may submit comments, identified by docket number BIS 2020-0001 or RIN 0694-ZA02, through the *Federal eRulemaking Portal*: <http://www.regulations.gov>. Follow the instructions for submitting comments.

All filers using the portal should use the name of the person or entity submitting comments as the name of their files, in accordance with the instructions below. Anyone submitting business confidential information should clearly identify the business confidential portion at the time of submission, file a statement justifying nondisclosure and referencing the specific legal authority claimed, and provide a non-confidential version of the submission.

For comments submitted electronically containing business confidential information, the file name of the business confidential version should begin with the characters "BC." Any page containing business confidential information must be clearly marked "BUSINESS CONFIDENTIAL" on the top of that page. The corresponding non-confidential version of those comments must be clearly marked "PUBLIC." The file name of the

non-confidential version should begin with the character "P." The "BC" and "P" should be followed by the name of the person or entity submitting the comments or rebuttal comments. All filers should name their files using the name of the person or entity submitting the comments. Any submissions with file names that do not begin with a "BC" or "P" will be assumed to be public and will be made publicly available through <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Director, Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, by phone at (202) 482-2440 or email at rpd2@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

This notification reopens the public comment period established in the **Federal Register** issue of March 12, 2020 (FR 2020-05194 Filed 3-10-20; 4:15 p.m.) that closed on March 25, 2020. In that notification, BIS requested comments from the public related to future extensions of the temporary general license (TGL) to Huawei Technologies and 114 of its non-US affiliates on the Entity List. BIS is seeking public comments on the impact on companies, organizations, individuals, and other impacted entities in five areas, each described in the March 12 notification. As published on May 22, 2019 (84 FR 23468), extended and amended through a final rule published on August 21, 2019 (84 FR 43487), and as currently extended through a final rule published on March 12, 2020 (85 FR 14416), Commerce has authorized the temporary general license (TGL) to Huawei Technologies and 114 of its non-US affiliates on the Entity List through May 15, 2020.

As was stated in the notification, BIS is requesting these comments to assist the U.S. Government in evaluating whether the temporary general license should continue to be extended, to evaluate whether any other changes may be warranted to the temporary general license, and to identify any alternative authorization or other regulatory provisions that may more effectively address what is being authorized under the temporary general license.

Instructions for the submission of comments, including comments that contain business confidential information, are found in the **ADDRESSES** section of this notification.

¹ 85 FR 12672 (Mar. 3, 2020).

Dated: March 24, 2020.

Richard E. Ashooh,

Assistant Secretary for Export Administration.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R01-OAR-2020-0132; FRL-10007-10-Region 1]

Air Plan Approval and Air Quality Designation; Connecticut; Determination of Clean Data for the 2008 8-Hour Ozone Standard for the Greater Connecticut Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to determine that the Greater Connecticut Serious 8-hour ozone nonattainment area has attained the 2008 8-hour National Ambient Air Quality Standard (NAAQS) for ozone, based on certified 2016–2018 ozone data. In addition, quality controlled and quality assured ozone data for 2019 that are available in the EPA Air Quality System, but not yet certified, do not conflict with the conclusion that this area attains the 2008 8-hour ozone NAAQS. If this proposed determination is made final, the requirements for this area to submit an attainment demonstration, a reasonable further progress plan, contingency measures, and other planning State Implementation Plan (SIP) revisions related to attainment of the 2008 8-hour ozone NAAQS shall be suspended for so long as the area continues to attain the ozone NAAQS. This action is being taken under the Clean Air Act.

DATES: Written comments must be received on or before April 27, 2020.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R01-OAR-2020-0132 at <https://www.regulations.gov>, or via email to townsend.elizabeth@epa.gov. For comments submitted at [Regulations.gov](https://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [Regulations.gov](https://www.regulations.gov). For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI)

or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the For Further Information Contact section. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www.epa.gov/dockets/commenting-epa-dockets>. Publicly available docket materials are available at <https://www.regulations.gov> or at the U.S. Environmental Protection Agency, EPA Region 1 Regional Office, Air and Radiation Division, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays.

FOR FURTHER INFORMATION CONTACT: Elizabeth Townsend, Air Quality Branch, U.S. Environmental Protection Agency, Region 1, 5 Post Office Square—Suite 100, (Mail code 05-2), Boston, MA 02109-3912, tel. (617) 918-1614, email townsend.elizabeth@epa.gov.

- I. Background and Purpose
- II. Analysis of Air Quality Data
- III. Proposed Action
- IV. Statutory and Executive Order Reviews

I. Background and Purpose

On March 27, 2008, EPA revised the National Ambient Air Quality Standard (NAAQS) for ozone to establish a new 8-hour standard of 0.075 parts per million (ppm). On May 21, 2012 (77 FR 30087), EPA established initial classifications for designated nonattainment areas under the 2008 8-hour ozone NAAQS and classified Greater Connecticut (an area containing Hartford County, Litchfield County, New London County, Tolland County, and Windham County) as a Marginal

nonattainment area. This designation was based on certified air quality monitoring data from calendar years 2008–2010.

On May 4, 2016 (81 FR 26697), EPA published the final notice in the **Federal Register** stating that Greater Connecticut failed to attain the 2008 8-hour ozone NAAQS by the attainment date of July 20, 2015 and changed the classification for Greater Connecticut to the next higher classification of Moderate under the CAA statutory scheme.

On August 23, 2019 (84 FR 44238), Greater Connecticut was reclassified from a Moderate to Serious ozone nonattainment area. This designation was based on certified 2015–2017 ozone data that showed the Greater Connecticut area failed to attain the 2008 8-hour ozone NAAQS by the attainment date of July 20, 2018. More recent air quality data indicates that the Greater Connecticut area is now attaining the 2008 8-hour ozone standard.

II. Analysis of Air Quality Data

EPA has reviewed the ambient air monitoring data for ozone, consistent with the requirements contained in 40 CFR part 50 and recorded in the EPA Air Quality System (AQS) database for the Greater Connecticut ozone nonattainment area from 2016 through the present time. On the basis of that review, EPA has concluded that this area attained the 2008 8-hour ozone standard at the end of the 2018 ozone season, based on certified 2016–2018 ozone data. In addition, quality controlled and quality assured ozone data for 2019 that are available in AQS, but not yet certified, do not conflict with the conclusion that this area attains the 2008 8-hour ozone NAAQS.

Under EPA regulations, the 2008 8-hour ozone standard is attained when the 3-year average of the annual fourth-highest daily maximum 8-hour average ozone concentrations at an ozone monitor is less than or equal to 0.075 parts per million (ppm) (*See* 73 FR 16436). This 3-year average is referred to as the design value. When calculating the design value, digits to the right of the third decimal place are truncated (*See* 73 FR 16436). When the design value is less than or equal to 0.075 ppm at each monitor within the area, then the area is meeting the NAAQS. Also, the data completeness requirement is met when the average percent of days with valid ambient monitoring data is greater than 90%, and no single year has less than 75% data completeness as determined in Appendix I of 40 CFR part 50.
