SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the

national security or foreign policy interests of the United States. The EAR (15 CFR parts 730-774) impose additional license requirements on, and limit the availability of most license exceptions for, exports, reexports, and transfers (in-country) to listed entities. The license review policy for each listed entity is identified in the "License Review Policy" column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The MEU List (supplement no. 7 to part 744 of the EAR) identifies entities that have been determined by the End-User Review Committee (ERC) to be 'military end users' pursuant to § 744.21 of the EAR. That section imposes additional license requirements on, and limits the availability of most license exceptions for, exports, reexports, and transfers (in-country) to listed entities on the MEU List, as specified in supplement no. 7 to part 744 and in § 744.21 of the EAR. Entities are listed on the MEU List under the destinations of Burma, China, Russia, or Venezuela. The license review policy for each listed entity is identified in the introductory text of the MEU List (supplement no. 7 to part 744) and in § 744.21(e) of the EAR. The MEU List's introductory text and § 744.21 of the EAR also specify the scope of the license requirements and limitations on the use of EAR license exceptions.

The ERC, composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List and the MEU List. The ERC makes all decisions to add an entry to the Entity List and MEU List by majority vote and all decisions to remove or modify an entry by unanimous vote.

Entity List Decisions

A. Additions to the Entity List

Under § 744.11(b) (Criteria for revising the Entity List) of the EAR, entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities that are contrary to the national security or foreign policy interests of the United States, and those

acting on behalf of such entities, may be added to the Entity List. Paragraphs (b)(1) through (5) of § 744.11 provide an illustrative list of activities that could be considered contrary to the national security or foreign policy interests of the United States.

This rule implements the decision of the ERC to add twenty-seven entities to the Entity List. These twenty-seven entities will be listed on the Entity List under the destinations of China, Japan, Pakistan, and Singapore. The ERC made the decision to add the twenty-seven entities identified below under the standard set forth in § 744.11(b) of the EAR.

Specifically, the ERC decided to add three affiliates of Corad Technology Limited, an entity added to the Entity List under China (with a Hong Kong address) on August 14, 2019 (84 FR 40241), as follows: One affiliate in China (Corad Technology (Shenzhen) Ltd.); one affiliate in Singapore (Corad Technology Pte Ltd.); and one affiliate in Japan (Corad Technology Japan K.K.). These three affiliates of Corad Technology Limited have been involved in sales of technology from the United States and other Western nations to Iran's military and space programs, Democratic People's Republic of Korea (North Korea) front companies, and Chinese government and defense industry subordinate entities. BIS is also adding a reference under Taiwan to one of Corad Technology Limited's offices, the Corad Taiwan Representative Office, which has also been involved in such technology sales. Identifying the office in this manner provides notice to the public that the office is subject to the Entity List licensing requirements that apply to Corad Technology Limited. BIS is also making a conforming change to the entry for Corad Technology Limited located in Hong Kong that directs the public to the two addresses for the Corad Taiwan Representative Office in Taiwan.

The ERC decided to add the following five entities: Hangzhou Zhongke Microelectronics Co., Ltd., Hunan Goke Microelectronics, New H3C Semiconductor Technologies Co., Ltd., Xi'an Aerospace Huaxun Technology, and Yunchip Microelectronics, all located in China, for their support of the military modernization of the People's Liberation Army.

The ERC decided to add three entities in China (Hefei National Laboratory for Physical Sciences at Microscale, QuantumCTek Co., and Shanghai QuantumCTek Co., Ltd.) to the Entity List for acquiring and attempting to acquire U.S.-origin items in support of military applications.

The ERC decided to add Shaanxi Zhi En Electromechanical Technology Co., Ltd. located in China; and Q&N Traders, U.H.L. Company, Jiuding Refrigeration & Air-conditioning Equipment Co (Pvt) Ltd, K-SOFT Enterprises, Seljuk Traders (SMC-Private) Limited, Global Tech Engineers, Asay Trade & Supplies, and Jade Machinery Pvt. Ltd., all located in Pakistan, to the Entity List based on their contributions to Pakistan's unsafeguarded nuclear activities.

The ERC decided to add Poly Asia Pacific Ltd. (PAPL) and Peaktek Company Ltd., both entities located in China, to the Entity List based on its contributions to Pakistan's unsafeguarded nuclear activities. The ERC also decided to add Al-Qertas, located in Pakistan, to the Entity List based on their contributions to Pakistan's unsafeguarded nuclear activities.

The ERC decided to add Broad Engineering located in Pakistan to the Entity List based on its contributions to Pakistan's ballistic missile program.

The ERC decided to add Prime Tech, located in Pakistan, and two of its employees, Muhammad Ashraf and Muhammad Farrukh, also located in Pakistan, to the Entity List for procuring items subject to the EAR on behalf of Techlinks, an entity located in Pakistan that was added to the Entity List in September 2018, without the licenses required by § 744.11(a) of the EAR. *See* 83 FR 44824 (September 4, 2018; 84 FR 61538 (November 13, 2019)).

Pursuant to § 744.11(b) of the EAR, the ERC determined that the conduct of the above-described twenty-seven entities raises sufficient concerns that prior review, via the imposition of a license requirement for exports, reexports, or transfers (in-country) of all items subject to the EAR involving these twenty-seven entities, is appropriate. The ERC also determined that the possible issuance of license denials or the possible imposition of license conditions on shipments to these entities will enhance BIS's ability to prevent violations of the EAR or otherwise protect U.S. national security or foreign policy interests.

For the twenty-seven entities added to the Entity List in this final rule described under this section, Section A, *Additions to the Entity List*, BIS imposes a license requirement that applies to all items subject to the EAR. In addition, no license exceptions are available for exports, reexports, or transfers (in-country) to the persons being added to the Entity List in this rule. BIS imposes a license review policy of a presumption of denial for these twenty-seven entities.

For the reasons described above, this final rule adds the following twenty-seven entities to the Entity List:

China

- Corad Technology (Shenzhen) Ltd.;
- Hangzhou Zhongke Microelectronics Co., Ltd.;
- Hefei National Laboratory for Physical Sciences at Microscale;
- Hunan Goke Microelectronics;
- New H3C Semiconductor Technologies Co., Ltd.;
- Peaktek Company Ltd.;
- Poly Asia Pacific Ltd., (PAPL);
- QuantumCTek Co., Ltd.;
- Shaanxi Zhi En Electromechanical Technology Co., Ltd.;
- Shanghai QuantumCTek Co., Ltd.;
- Xi'an Aerospace Huaxun Technology; *and*
- Yunchip Microelectronics.

Japan

- Corad Technology Japan K.K.

Pakistan

- Al-Qertas;
- Asay Trade & Supplies;
- Broad Engineering (Pakistan);
- Global Tech Engineers;
- Jade Machinery Pvt. Ltd.;
- Jiuding Refrigeration & Air-conditioning Equipment Co (Pvt) Ltd.;
- K-SOFT Enterprises;
- Muhammad Ashraf;
- Muhammad Farrukh;
- Prime Tech;
- Q&N Traders;
- Seljuk Traders (SMC-Private) Limited; *and*
- U.H.L. Company.

Singapore

- Corad Technology Pte Ltd.

The acronym "a.k.a.," which is an abbreviation of "also known as," is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters, and transferors in identifying entities on the Entity List.

B. Revision to the Entity List

This rule implements a modification to one existing entry for "Corad Technology Limited," first added to the Entity List under the destination of China on August 14, 2019 (84 FR 40241 (August 14, 2019)). Specifically, this rule modifies the entry for this entity by adding a parenthetical sentence that directs the public to the Corad Taiwan Representative Office's addresses in Taiwan. This rule also revises the Entity List under Taiwan to add a reference to the Corad Taiwan Representative office and its addresses.

C. Correction to the Entity List

This rule implements a correction to one existing entry on the Entity List

under the destination of China. The correction is to the entity "Shenzhen Cobber Information Technology Co., Ltd." This entity was added to the Entity List on July 12, 2021 (86 FR 36499 (July 12, 2021)) ("the July 12 rule"). The July 12 rule inadvertently included a semicolon in the middle of one of the six aliases, "Shenzhen Kehao Information; Technology Co., Ltd.," thereby raising a question as to the name of this alias and whether BIS intended to list two separate aliases. This rule removes the semicolon from this alias, resulting in the corrected name, "Shenzhen Kehao Information Technology Co., Ltd.," and clarifying that BIS listed only six aliases in total.

ERC MEU List Decision

Addition to the MEU List

Under § 744.21(b) of the EAR, BIS may inform persons either individually by specific notice, through amendment to the EAR published in the **Federal Register**, or through a separate notice published in the **Federal Register**, that a license is required for specific exports, reexports, or transfers (in-country) of any item because there is an unacceptable risk of use in or diversion to a 'military end use' or 'military end user' in Burma, China, Russia, or Venezuela. Under § 744.21(b)(1) of the EAR, BIS may identify entities subject to this additional prohibition under paragraph (b) that have been determined by the ERC to be a 'military end user' pursuant to § 744.21. These entities will be added to supplement no. 7 to part 744 ('Military End-User' (MEU) List) in **Federal Register** notices published by BIS.

This rule implements the decision of the ERC to add one entity to the MEU List. This entity, the Moscow Institute of Physics and Technology, will be listed on the MEU List under the destination of Russia. The ERC made the decision to add this entity under the standard set forth in § 744.21 of the EAR, including the criteria for what constitutes a 'military end use' under paragraph (f) and 'military end user' under paragraph (g). Specifically, the ERC determined to add the entity on the basis of its production of military end-use products for a military end-user.

The license requirement for this entity applies to the export, reexport, or transfer (in-country) of any item subject to the EAR listed in supplement no. 2 to part 744. For this entity, BIS imposes a license review policy of a presumption of denial as set forth in § 744.21(e) of the EAR.

No license exceptions apart from License Exception GOV (items

authorized under § 740.11(b)(2)(i) and (ii) of the EAR) are available for exports, reexports, or transfers (in-country) to listed entities on the MEU List for items specified in supplement no. 2 to part 744.

The acronym “a.k.a.,” which is an abbreviation of “also known as,” is used in entries on the MEU List to identify aliases, thereby assisting exporters, reexporters, and transferors in identifying entities on the MEU List.

For the reasons described above, this rule adds the following one entity to the MEU List:

Russia

- Moscow Institute of Physics and Technology.

Savings Clause

Shipments of items removed from eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export, reexport, or transfer (in-country), on November 26, 2021, pursuant to actual orders for export, reexport, or transfer (in-country) to or within a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR).

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801–4852). ECRA provides the legal basis for BIS’s principal authorities and serves as the authority under which BIS issues this rule.

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This final rule has been designated to be not

significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications, and carries a burden estimate of 29.6 minutes for a manual or electronic submission. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule.

3. This rule does not contain policies with federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to section 1762 of ECRA (*see* 50 U.S.C. 4821), this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

DEPARTMENT OF THE TREASURY

Office of Foreign Assets Control

31 CFR Part 542

Syrian Sanctions Regulations

AGENCY: Office of Foreign Assets Control, Treasury.
ACTION: Final rule.

SUMMARY: The Department of the Treasury’s Office of Foreign Assets Control (OFAC) is adopting a final rule amending the Syrian Sanctions Regulations to expand an existing authorization related to certain activities of nongovernmental organizations (NGOs) in Syria.

DATES: This rule is effective November 26, 2021.

FOR FURTHER INFORMATION CONTACT: OFAC: Assistant Director for Licensing, 202-622-2480; Assistant Director for Regulatory Affairs, 202-622-4855; or Assistant Director for Sanctions Compliance & Evaluation, 202-622-2490.

SUPPLEMENTARY INFORMATION:

Electronic Availability

This document and additional information concerning OFAC are available on OFAC’s website: www.treasury.gov/ofac.

Background

On April 5, 2005, OFAC issued the Syrian Sanctions Regulations, 31 CFR part 542 (70 FR 17201, April 5, 2005) (“the Regulations”), to implement Executive Order (E.O.) 13338 of May 11, 2004, “Blocking Property of Certain Persons and Prohibiting the Export of Certain Goods to Syria” (69 FR 26751, May 13, 2004). OFAC thereafter

amended the Regulations on May 2, 2014 (79 FR 25414, May 2, 2014) to implement six additional Executive orders related to Syria.

OFAC, in consultation with the State Department, is amending the Regulations to expand the existing general license at § 542.516 to authorize NGOs to engage in certain assistance-related investment activities in support of certain not-for-profit activities in Syria, including (i) new investment in Syria that would be prohibited by § 542.206; (ii) additional dealings with a limited subset of the Government of Syria as defined in § 542.305(a) that would be prohibited by § 542.201(a)(1); and (iii) the purchase of refined petroleum products of Syrian origin that would be prohibited by § 542.209. Consistent with the Caesar Syria Civilian Protection Act of 2019 (Pub. L. 116-92, Div. F, Title LXXIV, 133 Stat. 2290, 22 U.S.C. 8791 note) (“the Caesar Act”), Section 7425(b), OFAC is also amending the general license at § 542.516 to reflect that it does not apply to any foreign person that has been designated as a foreign terrorist organization under section 219 of the Immigration and Nationality Act (8 U.S.C. 1189), or otherwise designated as a terrorist organization by the Secretary of State, in consultation with or upon the request of the Attorney General or the Secretary of Homeland Security. Finally, OFAC is adding the Caesar Act to the authority citation of 31 CFR part 542.

Public Participation

Because the amendment of the Regulations involves a foreign affairs function, the provisions of E.O. 12866 of September 30, 1993, “Regulatory Planning and Review” (58 FR 51735, October 4, 1993), and the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date are inapplicable. Because no notice of proposed rulemaking is required for this

rule, the Regulatory Flexibility Act (5 U.S.C. 601-612) does not apply.

Paperwork Reduction Act

The collections of information related to the Regulations are contained in 31 CFR part 501 (the “Reporting, Procedures and Penalties Regulations”). Pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), those collections of information have been approved by the Office of Management and Budget under control number 1505-0164. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number.

List of Subjects in 31 CFR Part 542

Administrative practice and procedure, Banks, Banking, Blocking of assets, Credit, Exports, Foreign trade, Investments, Nongovernmental organizations, Penalties, Petroleum, Reporting and recordkeeping requirements, Sanctions, Security, Services, Syria.

For the reasons set forth in the preamble, OFAC amends 31 CFR part 542 as follows:
