RIN 0694–AJ17

Implementation of Additional Sanctions Against Russia and Belarus Under the Export Administration Regulations (EAR) and Refinements to Existing Controls**AGENCY:** Bureau of Industry and Security, Department of Commerce.**ACTION:** Final rule.

SUMMARY: In response to the Russian Federation’s (Russia’s) ongoing aggression against Ukraine, as substantially enabled by Belarus, the Department of Commerce is strengthening its existing sanctions under the Export Administration Regulations (EAR) against Russia and Belarus, including by expanding the scope of the EAR’s Russian and Belarusian Industry Sector Sanctions and by expanding the foreign direct product rule that currently applies to Russia and Belarus to apply to the temporarily occupied Crimea region of Ukraine as well. Additionally, this rule revises recent restrictions targeting Iran’s supply of Unmanned Aerial Vehicles to Russia. This rule also refines existing export controls on Russia and Belarus. The Department of Commerce is taking these actions to enhance the effectiveness of its controls on these countries and to better align them with those implemented by U.S. allies and partners.

DATES: This rule is effective on May 19, 2023.

SUPPLEMENTARY INFORMATION:**I. Background**

In response to Russia’s February 2022 further invasion of Ukraine, BIS imposed extensive sanctions on Russia under the Export Administration Regulations (15 CFR parts 730–774) (EAR) as part of the final rule *Implementation of Sanctions Against Russia Under the Export Administration*

Regulations (EAR) (the Russia Sanctions Rule), effective on February 24, 2022, and published on March 3, 2022 (87 FR 12226). Effective March 2, 2022, BIS also imposed similar sanctions on Belarus under the EAR in a final rule, *Implementation of Sanctions Against Belarus* (“Belarus Sanctions Rule”), published on March 8, 2022 (87 FR 13048). BIS has published a number of additional final rules strengthening the export controls on Russia and Belarus, in coordination with U.S. allies and partners. Most recently, in February 2023, as part of a series of U.S.

Government actions undertaken at the one-year mark of Russia’s war against Ukraine, BIS published a final rule effective February 24, 2023, that enhanced and strengthened existing sanctions under the EAR, including by rendering additional items subject to licensing requirements under the EAR’s Russian and Belarusian Industry Sector Sanctions and “luxury goods” sanctions. In addition to ensuring the effectiveness of the EAR’s measures, this rule also better aligned the EAR’s measures with those implemented by our partners and allies on both countries. See 88 FR 12175 (Feb. 27, 2023). Taken together, these actions under the EAR reflect the U.S. Government’s position that Russia’s invasion of Ukraine and Belarus’s complicity in the invasion, flagrantly violated international law, are contrary to U.S. national security and foreign policy interests, and undermine global order, peace, and security.

The export control measures in this final rule build upon the policy objectives set forth in the earlier rules referenced above. The adoption of these measures, undertaken in part to better align U.S. controls with the stringent measures implemented by partner and ally countries, will enhance the effectiveness of the multilateral sanctions on Russia by further limiting Russia’s access to items that enable its military capabilities and to sources of revenue that could support those capabilities. Additionally, the new or expanded controls specified in this rule target Belarus as part of the U.S. response to the country’s complicity in Russia’s aggression, as well as Iran’s support of Russia.

II. Overview of New Controls

This rule revises the EAR to enhance and strengthen the existing sanctions against Russia and Belarus by expanding the scope of the Russian and Belarusian industry sector sanctions to better align them with the controls that have been implemented by U.S. allies and partners imposing substantially

similar controls on Russia and Belarus, including a control added on Iran effective February 24, 2023 pursuant to the rule, *Export Control Measures Under the Export Administration Regulations (EAR) to Address Iranian Unmanned Aerial Vehicles (UAVs) and Their Use by the Russian Federation* that targeted Iran’s supply of UAVs to Russia. See 88 FR 12150 (Feb. 27, 2023) (Iran UAVs rule). For similar policy reasons, this rule also refines other controls on Russia and Belarus that were imposed in response to the February 2022 further invasion of Ukraine.

III. Amendments to the Export Administration Regulations (EAR)

This rule enhances and strengthens the sanctions that have been implemented on Russia, Belarus, the temporarily occupied Crimea region of Ukraine, and Iran under the EAR, as described under Sections A and B below. The regulatory revisions described under Section A. Imposition of new export controls on Russia, Belarus, the temporarily occupied Crimea region of Ukraine, and Iran, including to align the EAR’s controls with those imposed by U.S. allies and partners, include:

- Expansion of Russian and Belarusian Industry Sector Sanctions under supplement no. 4 to part 746 to add additional items to align with controls imposed by U.S. partners and allies and to make other changes to render the EAR’s controls stronger, more effective, and easier to understand;
- Expansion of Russian and Belarusian Industry Sector Sanctions under supplement no. 6 to part 746 to add additional items to align with controls imposed by U.S. partners and allies and to make other changes to render the EAR’s controls stronger, more effective, and easier to understand;
- Expansion of Items that Require a License Under § 746.7 When Destined to Iran and Under § 746.8 When Destined to Russia or Belarus under supplement no. 7 to part 746 to add an additional item to align with controls imposed by U.S. partners and allies and to make other changes to render the EAR’s controls stronger, more effective, and easier to understand; and
- Expansion of the Russia/Belarus Foreign-Direct Product (FDP) rule to add the temporarily occupied Crimea region of Ukraine and conforming EAR changes to strengthen the EAR’s controls on the temporarily occupied Crimea region of Ukraine, thereby making it more difficult for items to be procured for Russia’s use in Crimea in support of its ongoing military aggression in Ukraine.

A. Imposition of New Export Controls on Russia, Belarus, the Temporarily Occupied Crimean Region of Ukraine, and Iran, Including Changes To Align Controls With Those Imposed by U.S. Allies and Partners

This rule expands the scope of the Russian Industry Sector Sanctions by adding additional items to supplement no. 4 to part 746 that will require a license under § 746.5(a)(1)(ii) and to supplement no. 6 to part 746 that will require a license under § 746.5(a)(1)(iii), as described further below. This rule also adds an additional item to supplement no. 7 to part 746 that will require a license under § 746.7 when destined to Iran and under § 746.8 when destined to Russia or Belarus.

1. *Expansion of Russian and Belarusian Industry Sector Sanctions under supplement no. 4 to part 746 to add additional items to align with controls imposed by U.S. partners and allies and make other changes to render the EAR's controls stronger, more effective, and easier to understand.*

This rule expands supplement no. 4 to part 746—Russian and Belarusian Industry Sector Sanctions. Specifically, this rule adds 1,224 additional HTS-6 Code entries corresponding to 1,224 types of industrial items to supplement no. 4; consequently, these items will now require a license for export or reexport to or transfer within Russia or Belarus under § 746.5(a)(1)(ii). The restrictions on these 1,224 groups of industrial items are intended to further undermine the Russian and Belarusian industrial bases and their ability to continue to support Russia's military aggression in Ukraine. The items added include a variety of electronics, instruments, and advanced fibers for the reinforcement of composite materials, including carbon fibers. The complete list of 1,224 new HTS-6 Codes this rule adds to supplement no. 4 are identified in amendatory instruction 11.d.

Items controlled through amendments made in this rule were identified based on a review of public and non-public information regarding which items Russia seeks to further its war against Ukraine, an evaluation of areas in which U.S. trade has continued to provide an economic benefit to Russia, and an assessment of how the United States could better align with its allies and partners to directly or indirectly degrade Russia's war effort. Notably, with this rule, BIS will be controlling three entire harmonized system chapters in supplement no. 4 to part 746 of the EAR. Specifically, this rule will adopt controls on items described in all of the HTS-6 codes found in Chapters 84, 85,

and 90 of the harmonized system schedule. Through such comprehensive controls, BIS intends to cut off Russia's access to any items of potential military significance within these chapters and also expand the economic impact of controls denying Russia additional resources it needs to continue waging war. In addition, adopting such comprehensive controls simplifies compliance decisions for persons trading in items that are listed in these three chapters, because all of the items listed in them now require a license. Although comprehensive in scope, BIS will generally review license applications for certain items that are predominantly agricultural or medical in nature on a case-by-case basis, consistent with the pre-existing exceptions to the policy of denial described in §§ 746.5 and 746.8 of the EAR.

Also in supplement no. 4 to part 746, as a conforming change, this rule adds one sentence at the end of paragraph (a) in the introductory text to identify 131 HTS-6 Codes (590500, 840710, 840721, 840729, 840731, 840732, 840733, 840734, 840790, 840810, 840820, 840890, 840910, 840991, 840999, 841111, 841112, 841121, 841122, 841181, 841182, 841191, 841199, 841229, 841290, 841451, 841459, 841460, 841510, 841810, 841821, 841829, 841830, 841840, 841981, 842211, 842310, 842860, 843139, 844312, 844331, 844332, 844339, 845011, 845012, 845019, 845121, 845210, 847010, 847021, 847029, 847030, 847130, 847141, 847149, 847150, 847160, 847170, 847180, 847190, 847290, 847960, 848310, 848320, 848330, 848340, 848350, 848360, 848390, 850811, 850819, 850860, 850980, 851110, 851120, 851130, 851140, 851150, 851180, 851190, 851220, 851230, 851240, 851631, 851650, 851660, 851671, 851672, 851679, 851711, 851713, 851718, 851761, 851762, 851769, 851920, 851930, 851981, 851989, 852110, 852190, 852691, 852712, 852713, 852719, 852721, 852729, 852791, 852792, 852799, 852871, 852872, 852910, 853110, 854370, 854430, 870310, 870321, 870322, 870323, 870324, 870331, 870332, 870333, 870340, 870350, 870360, 870370, 870380, 870390, and 902000) that are listed in both this supplement and in supplement no. 5 to part 746. This sentence is added to alert exporters, reexporters, and transferors that they must comply with the license requirements under both §§ 746.5(a)(1)(ii) and 746.10, as

applicable, in connection with items identified under these 131 HTS-6 Codes.

In supplement no. 2 to part 746—Russian and Belarusian Industry Sector Sanction List Pursuant to § 746.5(a)(1)(i), under the last sentence of paragraph (a), and in supplement no. 4 to part 746, as a conforming change to the addition of seven HTS-6 Codes 730424, 731100, 761300, 841382, 841392, 843143, and 870520 to supplement no. 4 to part 746, this rule adds these seven HTS-6 Codes to the sentence in each of these supplements that identifies the HTS-6 codes that are listed in both supplements no. 2 and no. 4 to part 746. This sentence alerts exporters, reexporters, and transferors that they must comply with the license requirements under both § 746.5(a)(1)(i) and (ii) as applicable.

BIS estimates these changes to supplement no. 4 to part 746 will result in an additional 125 license applications submitted to BIS annually.

2. *Expansion of Russian and Belarusian Industry Sector Sanctions under supplement no. 6 to part 746 to add additional items to align with controls imposed by U.S. partners and allies and make other changes to render the EAR's controls stronger, more effective, and easier to understand.*

In supplement no. 6 to part 746, this rule expands the list of items that require a license under § 746.5(a)(1)(iii) to better align these Russian and Belarusian Industry Sector Sanctions with the U.S. allies' and partners' controls. This rule also makes certain clarifying changes to facilitate understanding of the controls. Specifically, this rule makes the following changes to supplement no. 6 to part 746:

a. Under the introductory text to the supplement, as a conforming change with the addition of chemicals to new paragraphs (a)(42) through (45) described in section 2.b, this rule revises the introductory text of supplement no. 6 to part 746 under the second sentence and last sentence to add the phrase "or other" before the reference to activities of concern. The additional chemicals added by this rule are not of concern for chemical and biological weapons production capabilities, so adding "or other" is intended to reflect a broadening of the scope of supplement no. 6 to part 746. The chemicals this rule adds to new paragraphs (a)(42) through (45) were added to this supplement, as opposed to supplement no. 4 to part 746, which identifies items by HTS-6 Codes to reflect BIS's position that it is more appropriate to identify these chemicals by their CAS numbers, which also

facilitates compliance because industry typically identifies these chemicals by CAS numbers.

b. Under paragraph (a), this rule expands the scope by adding new paragraphs (a)(42) ‘Lithium chloride (CAS 7447–41–8),’ (a)(43) ‘Lithium chloride hydrate (CAS 85144–11–2),’ (a)(44) ‘Lithium chloride monohydrate (CAS 16712–20–2),’ and (a)(45) ‘Lithium carbonate (CAS 554–13–2)’ as additional chemicals subject to control under the EAR to align with controls imposed by U.S. allies and partners on the same chemicals. As conforming changes to the addition of paragraphs (a)(42) through (45), this rule revises paragraph (a)(40) to remove the word “or” and revises paragraph (a)(41) to remove a period and add a semi-colon in its place.

c. Under paragraph (e), this rule moves the position of the word “or,” so it is properly positioned in the list of items being described.

d. Under paragraph (f), this rule makes the following changes:

Under paragraph (f), this rule revises the heading and introductory text of paragraph (f) (Equipment) and paragraph (f)(3) to add the text “and consumable “materials.”” This rule also revises Note 6 to paragraph (f) to add the text “and “materials.”” Prior to this rule, BIS already interpreted paragraph (f) to include consumables, but these changes clarify that regardless of whether a consumable is considered “equipment” or a “material” under the EAR, it is controlled under paragraph (f).

BIS estimates these changes to supplement no. 6 to part 746 will result in an additional 25 license applications submitted to BIS annually.

3. *Expansion of Items that Require a License Under § 746.7 When Destined to Iran and Under § 746.8 When Destined to Russia or Belarus* under supplement no. 7 to part 746 to align with controls imposed by U.S. partners and allies and to make other changes to render the EAR’s controls stronger, more effective, and easier to understand.

In supplement no. 7 to part 746—Items That Require a License Under § 746.7 When Destined to Iran and Under § 746.8 When Destined to Russia or Belarus, this rule expands the list of items that require a license to address an inadvertent omission in the Iran UAVs rule that became effective February 24, 2023. Specifically, this rule adds one additional HTS-6 Code entry corresponding to one industrial item to supplement no. 7; consequently, this item will now require a license for export or reexport to Iran under § 746.7(a)(1)(ii). The restrictions on this

industrial item are intended to further undermine Iran’s ability to support the Russian and Belarusian industrial bases and their ability to continue to support Russia’s military aggression in Ukraine. The items added under this entry include a variety of electrical parts of machinery or apparatus, NESOI. The new HTS-6 Code that this rule adds to supplement no. 7 is as follows: 854800.

BIS estimates this change to supplement no. 7 to part 746 will result in an additional five license applications submitted to BIS annually.

4. *Expansion of the Russia/Belarus FDP rule to add the temporarily occupied Crimea region of Ukraine and conforming EAR changes.*

a. In § 734.9(f) (Russia/Belarus FDP rule), this rule expands the destination scope to add the temporarily occupied Crimea region of Ukraine. This expansion is made to strengthen the EAR’s controls for the temporarily occupied Crimea region of Ukraine, thereby making it more difficult for items to be procured for Russia’s use in Crimea in support of its ongoing military aggression in Ukraine. This rule effectuates this policy objective by adding the temporarily occupied Crimea region of Ukraine to the heading of paragraph (f). With this addition, the FDP rule that had applied to Russia and Belarus will be renamed as the Russia/Belarus/temporarily occupied Crimea region of Ukraine FDP rule. This rule also revises the paragraph (f)(1) heading to add the temporarily occupied Crimea region of Ukraine. This rule also makes a conforming change by revising paragraph (f)(2) (Destination scope of the Russia/Belarus FDP rule) to add the temporarily occupied Crimea region of Ukraine.

b. *Revision to temporarily occupied Crimea region of Ukraine license requirements to add a license requirement based upon the Russia/Belarus/temporarily occupied Crimea region of Ukraine FDP rule and add an exclusion for supplement no. 3 to part 746.* In § 746.6 Temporarily Occupied Crimea Region of Ukraine and Covered Regions of Ukraine, this rule revises the license requirements currently set forth under paragraph (a)(1) (*General prohibition.—Temporarily occupied Crimea region of Ukraine*) by redesignating that paragraph as new paragraph (a)(1)(i) and by adding a new paragraph (a)(1)(ii) that will impose a license requirement to reexport, export from abroad, or transfer (in-country) to any destination any foreign-produced item subject to the EAR under the Russia/Belarus/Temporarily occupied Crimea region of Ukraine FDP rule described in § 734.9(f) of the EAR. This

rule also adds a new paragraph (a)(4) (Exclusion from license requirements under paragraph (a)(1)(ii) of this section) that specifies the same type of license requirement exclusion set forth in § 746.8(a)(4) for the countries listed in supplement no. 3 to part 746 that have committed to implementing substantially similar export controls under their domestic laws on Russia and Belarus. Exports or reexports from the countries described in this supplement No. 3 to part 746 or transfers (in-country) within Russia, Belarus, Iran, and the temporarily occupied Crimea region of Ukraine are not subject to the license requirements described in § 746.6(a)(1)(ii), unless a limit to the exclusion is described in the Scope column in supplement no. 3 to this part.

c. *Other conforming changes related to the addition of the temporarily occupied Crimea region of Ukraine to the Russia/Belarus FDP rule.*

This rule revises § 746.8(a)(2) (Foreign-produced “direct product” items subject to the EAR under Russia and Belarus foreign “direct product” (FDP rule)) to add a reference to the temporarily occupied Crimea region of Ukraine. This rule also revises § 746.8(a)(4) (Exclusion from license requirements under paragraphs (a)(2) and (3) of this section) to add a reference to the temporarily occupied Crimea region of Ukraine.

In supplement no. 3 to part 746—Countries Excluded From Certain License Requirements of §§ 746.7 and 746.8, this rule revises the heading and the first sentence of the introductory text of the supplement to add a reference to the temporarily occupied Crimea region of Ukraine and to § 746.6 (a)(4).

In supplement no. 7 to part 746—Items That Require a License Under § 746.7 When Destined to Iran and Under § 746.8 When Destined to Russia or Belarus, this rule revises the heading of the supplement to add the phrase ‘and Under § 746.6 When Destined to the Temporarily Occupied Crimea region of Ukraine’ to specify that these additional license requirements apply to the items identified in the supplement. This rule also revises the second sentence of the introductory text of the supplement to reflect the expansion of the Russia/Belarus FDP rule to apply to the temporarily occupied Crimea region of Ukraine as well. This rule also revises the first sentence of paragraph (b) to add a reference to the Russia/Belarus/Temporarily Occupied Crimea region of Ukraine FDP license requirements for the temporarily occupied Crimea region

of Ukraine that are specified under § 746.6(a)(1)(ii).

BIS estimates this change to supplement no. 7 to part 746 will result in an additional five license applications submitted to BIS annually.

B. Corrections and Clarifications to Existing Controls on Russia and Belarus

Some of the same EAR provisions discussed above in Section A with respect to the additional controls being imposed on Russia, Belarus, and Iran are also discussed here because this rule makes separate corrections and clarifications with respect to those provisions. The regulatory revisions described under *Section B. Corrections and clarifications to existing controls on Russia and Belarus* include:

- Clarification that U.S.-origin controlled content that meets the criteria in new § 746.5(a)(3) is also excluded from *de minimis* calculations when identifying controlled U.S.-origin content;
- Conforming change clarifying that deemed exports and deemed reexports are excluded from license requirements under § 746.5(a)(1)(i) through (iii) for consistency with the deemed export and deemed reexport exclusion from the license requirements set forth in § 746.8(a)(1);
- Clarifications to BIS licensing policy and the scope of existing licenses that were issued prior to additional HTS-6 Codes and items being added or that will be added to supplements nos. 2, 4, and 6 to part 746 by this rule or in subsequent rules;
- Conforming change to add License Exception AVS eligibility to § 746.5(c)(3) for consistency with § 746.8(c)(5).
- Addition of ECCN 5A991 to the exclusion that applies to items controlled under ECCNs 5A992 or 5D992 under §§ 746.8 and 746.10(a)(1);
- Clarifying change to supplement no. 4 to part 746 in areas of the table that mention parts related to one or more numerical headings; and
- Removal of Schedule B and Schedule B Description and addition of HTS-6 Codes under supplement no. 5 to part 746 for consistency with other supplements related to the EAR's Russian and Belarusian Industry Sector Sanctions.

BIS anticipates that the changes discussed in Section B will not result in the submission of any additional license applications to BIS.

1. *Clarification that U.S.-origin controlled content that meets the criteria in new § 746.5(a)(3) is also excluded from de minimis calculations*

when identifying controlled U.S.-origin content.

In § 746.5 (Russian and Belarusian Industry Sector Sanctions), this rule adds a new paragraph (a)(3) (Exclusion from scope of U.S.-origin controlled content under paragraphs (a)(1)(i) through (iii) of this section). This addition clarifies that the same *de minimis* exclusion specified in § 746.8(a)(5) applies to the items identified in supplements nos. 2, 4, and 6 for the countries identified in supplement no. 3 to part 746 (Countries excluded from certain requirements set forth in §§ 746.7 and 746.8).

As a conforming change to the correction described above to § 746.5 that is reflected by the addition of paragraph (a)(3), this final rule revises supplement no. 2 to part 734—Guidelines for *De Minimis* Rules, by revising the third sentence of paragraph (a)(1), which specifies that exporters must adhere to the license requirements in part 746 to identify U.S.-origin controlled content for *de minimis* purposes (excluding U.S.-origin content that meets the criteria in §§ 746.7(a)(1)(v) or 746.8(a)(5)). This final rule revises this parenthetical phrase to specify that U.S.-origin controlled content that meets the criteria in § 746.5(a)(3) is also excluded from *de minimis* calculations when identifying controlled U.S.-origin content.

2. *Conforming change to clarify that deemed exports and deemed reexports are excluded from license requirements under § 746.5(a)(1)(i) through (iii) for consistency with the deemed export and deemed reexport exclusion from license requirements under § 746.8(a)(1).*

In § 746.5, as a clarifying change, this rule revises paragraph (a) (License requirements) to add introductory text to specify that the license requirements under paragraphs (a)(1)(i) through (iii) of this section exclude deemed exports and deemed reexports and adds a new Note 1 to paragraph (a)(1) to clarify that this deemed export and deemed reexport exclusion is only applicable to the license requirements set forth in § 746.5(a)(1)(i) through (iii). This correction is made for consistency with the deemed export and deemed reexport exclusion under § 746.8, which has the same deemed export and deemed reexport exclusion from the license requirements under § 746.8(a)(1).

3. *Conforming change to add License Exception AVS eligibility to § 746.5(c)(3) for consistency with § 746.8(c)(5).*

In § 746.5, this rule adds a new paragraph (c)(3) to specify that License Exception AVS, excluding any aircraft registered in, owned or controlled by, or

under charter or lease by Russia or Belarus or a national of Russia or Belarus (§ 740.15(a) and (b) of the EAR), is available as a license exception under § 746.5. This conforming change is made for consistency with the License Exception AVS eligibility under § 746.8(c)(5).

4. *Clarifications to BIS licensing policy and the scope of licenses that were issued prior to the HTS-6 Codes and other items being added or that will be added to EAR supplements no. 2, 4, and 6 to part 746 by this rule or in subsequent rules.*

a. *Addition of case-by-case license review policy for replacement licenses needed as a result of additional HTS-6 Codes added to supplements nos. 2 or 4 to part 746 or items added to supplement no. 6 to part 746.* Under the paragraph (b) Licensing policy paragraphs set forth in §§ 746.5, 746.8, 746.10, respectively, this rule revises the second sentence to add text to clarify that the case-by-case license review policy also applies to replacement licenses for exports and reexports to and transfers within Russia and Belarus of items described in HTS-6 Codes that were added to the EAR after the validation date of the license. This rule also revises all of §§ 746.5(b)(1) and (2) and 746.8(b) to move the case-by-case licensing policies into their own paragraphs to improve readability and comprehension. This rule also adds a cross reference under paragraph (b) Licensing policy to alert transferors and reexporters to consult § 750.7(c)(1)(xi) for the divestiture of items within Russia or Belarus or their transfer within Russia or Belarus for the purpose of reexporting such items from Russia or Belarus. For purposes of § 750.7(c)(1)(xi), divestiture means the action or process of selling off subsidiary business interests or investments involving items subject to the EAR.

b. *Addition of new non-material change to § 750.7(c)(1)(xi) for certain license applications for the divestiture of items within Russia or Belarus or their transfer within Russia or Belarus for the purpose of reexporting such items from Russia or Belarus.* This rule also adds under § 750.7 a new paragraph (c)(1)(xi) regarding non-material changes to BIS licenses. Specifically, it adds a new paragraph (c)(1)(xi) to specify that the addition of a new HTS-6 Code identified under supplements nos. 2, 4, or 5 to part 746 or of an item identified under supplement no. 6 to part 746 for an export or reexport to or transfer within Russia or Belarus does not require a replacement license provided the criteria under paragraphs (c)(1)(xi)(A)

through (D) are met. The criteria under paragraph (c)(1)(xi)(A) require that the end use of the BIS license is for the divestiture of items within Russia or Belarus or their transfer within Russia or Belarus for the purpose of reexporting such items from Russia or Belarus. The criteria under paragraph (c)(1)(xi)(B) require that the items are identified under new HTS-6 Codes under supplements nos. 2, 4, or 5 to part 746 or are identified under supplement no. 6 to part 746 in paragraphs that were added to the EAR after the validation date of the applicable BIS license. The criterion under paragraph (c)(1)(xi)(C) requires that the BIS license has not yet expired. Lastly, the criteria under paragraph (c)(1)(xi)(D) require that the export, reexport, or in-country transfer of items covered by these additional HTS-6 Codes under supplements nos. 2, 4, or 5 to part 746 or of items identified under supplement no. 6 to part 746 will not exceed the shipping tolerance of the original license or the number of units authorized under the original license.

5. *Addition of ECCN 5A991 to the exclusion for items controlled under ECCNs 5A992 or 5D992 under §§ 746.8 and 746.10(a)(1).*

In §§ 746.8 (Sanctions against Russia and Belarus) and 746.10 ('Luxury goods' sanctions against Russia and Belarus and Russian and Belarusian oligarchs and malign actors), this rule adds ECCN 5A991 to the introductory text to paragraph (a) to apply the exclusion for ECCNs 5A992 or 5D992 under § 746.8(a) introductory text and 'luxury goods' sanctions under § 746.10(a)(1) to items classified under ECCN 5A991. ECCN 5A991 is added to the exclusion text for policy consistency because 5A991 commodities are used in similar end uses as 5A992 and 5D992 commodities and software by the end users identified in the exclusion. Prior to this rule, in certain cases, the lack of a corresponding exclusion for 5A991 commodities undermined the effectiveness of the exclusion for 5A992 and 5D992, in particular when these types of commodities and software were needed at the same time or for the same end use by an eligible entity.

In addition to adding ECCN 5A991, this rule revises the first sentence of the introductory text to paragraph (a) of §§ 746.8 and 746.10 to simplify the text to make it easier to read and understand.

6. *Clarifying change to supplement no. 4 to part 746 when the supplement's table mentions parts related to one or more numerical headings.*

In supplement no. 4 to part 746, as a clarifying change, this rule adds two sentences at the end of paragraph (b) in

the introductory text of the supplement to clarify that when a description in the table mentions parts related to one or more numerical headings, parts related to any HS codes that begin with those digits are covered. This rule also adds an application example to facilitate understanding.

7. *Removal of Schedule B and Schedule B Description and addition of HTS-6 Codes under supplement no. 5 to part 746 for consistency with other supplements under the Russian and Belarusian Industry Security Sanctions.*

a. *Removal of Schedule B and Schedule B Description columns under supplement no. 5 to part 746 to facilitate understanding of the supplement's scope and to align the controls with those imposed by U.S. allies and partners.* In supplement no. 5 to part 746—'Luxury Goods' Sanctions for Russia and Belarus Pursuant to § 746.10(a)(1) and (2), this rule revises the table to replace the columns for Schedule B and Schedule B Description with columns for HTS Code and HTS Description columns. With these changes, the supplement will now utilize an item's HTS-6 Code and the HTS Description, instead of the Schedule B and Schedule B Description. This change aligns the underlying controls with those of U.S. allies and partners who generally use HS-6 Codes and HS Descriptions equivalent to the HTS-6 Codes and HTS Descriptions used under the U.S. Harmonized Tariff Schedule. Because the HS-6 Codes and HS Descriptions are recognized and used internationally, these changes will facilitate alignment of these EAR controls with those of U.S. allies and partners. This rule also adds the phrase "or greater" after the dollar value per unit wholesale price in the U.S. in all instances in which such dollar values are referenced in the HTS Description column. This change clarifies that the license requirements for items described in the applicable entries apply to the dollar value referenced and to amounts greater than the specified dollar value per unit wholesale price in the U.S.

b. *Clarifications to supplement no. 5 to part 746 introductory text to specify how the HTS-6 Codes relate to other information in the table, as well as to content referring to HTS Codes at the 8 and 10 digit level.*

This rule revises paragraph (b) under supplement no. 5 to part 746's introductory text to clarify that that HTS Description is included as a column heading in the table to assist exporters with their AES filing responsibilities, as well as to provide them with clarity regarding the types of items that fall under specific HTS-6 Codes. This rule

also adds a sentence to specify that the HTS-6 Code governs when determining the license requirements that apply to the item. This rule adds a new sentence to paragraph (b) to clarify that the license requirements extend to HTS Codes at the 8 and 10 digit level when those HTS-8 and HTS-10 codes begin with the specified HTS-6 Codes as their first 6 numbers. This text is intended to prevent an exporter from identifying an item at the 8 or 10 digit level and consequently failing to determine that a license is required, either due to a misunderstanding of these license requirements, or as a means to evade these controls. If the 8 or 10 digit code for the item begins with the six numbers of one of the HTS-6 Codes in the table, the item will require a license under § 746.10(a)(1) and (2). Similar to the clarification described above to supplement no. 4 to part 746, this rule adds two sentences at the end of paragraph (b) in the introductory text of supplement no. 5 to part 746 to clarify that when a description in the table mentions parts that may be described in one or more HTS codes, this applies to parts related to any HS codes that begin with the digits in the range specified in the table.

c. *Addition of cross reference for HTS-6 Codes listed under both supplements nos. 5 and 4 to part 746.* This rule, as a conforming change, revises the last sentence in the introductory text to the supplement to remove the reference to Schedule B numbers and add text specifying that HTS-6 Codes 590500, 840710, 840721, 840729, 840731, 840732, 840733, 840734, 840790, 840810, 840820, 840890, 840910, 840991, 840999, 841111, 841112, 841121, 841122, 841181, 841182, 841191, 841199, 841229, 841290, 841451, 841459, 841460, 841510, 841810, 841821, 841829, 841830, 841840, 841981, 842211, 842310, 842860, 843139, 844312, 844331, 844332, 844339, 845011, 845012, 845019, 845121, 845210, 847010, 847021, 847029, 847030, 847130, 847141, 847149, 847150, 847160, 847170, 847180, 847190, 847290, 847960, 848310, 848320, 848330, 848340, 848350, 848360, 848390, 850811, 850819, 850860, 850980, 851110, 851120, 851130, 851140, 851150, 851180, 851190, 851220, 851230, 851240, 851631, 851650, 851660, 851671, 851672, 851679, 851711, 851713, 851718, 851761, 851762, 851769, 851920, 851930, 851981, 851989, 852110, 852190, 852691, 852712, 852713, 852719, 852721, 852729, 852791, 852792, 852799, 852871, 852872, 852910,

853110, 854370, 854430, 870310, 870321, 870322, 870323, 870324, 870331, 870332, 870333, 870340, 870350, 870360, 870370, 870380, 870390, and 902000, are listed in both supplement no. 5 and supplement no. 4 to part 746. This cross-reference alerts exporters, reexporters, and transferors that these items are subject to the license requirements under both §§ 746.5(a)(1)(ii) and 746.10 as applicable.

d. *Removal of the per unit wholesale price exclusion text for any HTS-6 Code in supplement no. 5 to part 746 that is also listed in supplement no. 4 to part 746.*

This rule removes the per unit wholesale price in the U.S. exclusion text for the 107 HTS-6 Codes (590500, 840710, 840721, 840729, 840731, 840732, 840733, 840734, 840790, 840810, 840820, 840820, 840890, 840910, 840991, 841111, 841112, 841121, 841122, 841181, 841182, 841191, 841199, 841290, 841451, 841459, 841460, 841510, 841810, 841821, 841829, 841830, 841840, 841981, 842310, 843139, 844312, 844331, 844332, 844339, 845011, 845012, 845019, 845121, 845210, 847010, 847021, 847030, 847130, 847141, 847149, 847160, 847170, 847190, 847290, 847960, 848310, 848320, 848330, 848340, 848350, 848360, 848390, 850811, 850819, 850860, 851110, 851120, 851130, 851140, 851150, 851180, 851190, 851220, 851240, 851660, 851679, 851711, 851713, 851718, 852110, 852190, 852691, 852719, 852721, 852729, 852791, 852792, 852799, 852871, 852910, 853110, 854430, 870310, 870321, 870322, 870323, 870324, 870331, 870332, 870333, 870340, 870350, 870360, 870370, 870380, 870390, and 902000) that are listed in both supplement no. 4 and supplement no. 5 to part 746. This rule makes this clarifying change because the license requirements imposed under §§ 746.5(a)(1)(ii) do not include a per unit wholesale price in the U.S. exclusion. Consequently, the exclusion for these entries in supplement no. 5 to part 746 applies only to the worldwide license requirement for ‘luxury goods’ destined for Russian and Belarusian oligarch and malign actors that is specified in § 746.10(a)(2), when the export, reexport, or transfer is not made to or within Russia or Belarus. BIS is removing the per unit wholesale price in the U.S. exclusion text from supplement no. 5 to part 746 for these 107 HTS-6 Codes identified under both supplements to better ensure compliance.

Savings Clause

For the changes being made in this final rule, shipments of items removed from eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export, reexport, or transfer (in-country), on May 19, 2023, pursuant to actual orders for export, reexport, or transfer (in-country) to or within a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR), provided the export, reexport, or transfer (in-country) is completed no later than on June 20, 2023.

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (codified, as amended, at 50 U.S.C. 4801–4852). ECRA provides the legal basis for BIS’s principal authorities and serves as the authority under which BIS issues this rule. To the extent it applies to certain activities that are the subject of this rule, the Trade Sanctions Reform and Export Enhancement Act of 2000 (TSRA) (codified, as amended, at 22 U.S.C. 7201–7211) also serves as authority for this rule.

Rulemaking Requirements

1. This final rule is not a “significant regulatory action” because it “pertain[s]” to a “military or foreign affairs function of the United States” under sec. 3(d)(2) of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number.

This rule involves the following OMB-approved collections of information subject to the PRA:

- 0694–0088, “Multi-Purpose Application,” which carries a burden hour estimate of 29.4 minutes for a manual or electronic submission;
- 0694–0096 “Five Year Records Retention Period,” which carries a burden hour estimate of less than 1 minute; and

- 0607–0152 “Automated Export System (AES) Program,” which carries a burden hour estimate of 3 minutes per electronic submission.

BIS estimates that these new controls on Russia, Belarus, and the temporarily occupied Crimea region of Ukraine under the EAR will result in an increase of 160 license applications submitted annually to BIS. However, the additional burden falls within the existing estimates currently associated with these control numbers. Additional information regarding these collections of information—including all background materials—can be found at <https://www.reginfo.gov/public/do/PRAMain> by using the search function to enter either the title of the collection or the OMB Control Number.

3. This rule does not contain policies with federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to section 1762 of the Export Control Reform Act of 2018 (50 U.S.C. 4821) (ECRA), this action is exempt from the Administrative Procedure Act (APA) (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date. While section 1762 of ECRA provides sufficient authority for such an exemption, this action is also independently exempt from these APA requirements because it involves a military or foreign affairs function of the United States (5 U.S.C. 553(a)(1)).

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required, and none has been prepared.

■ 5. Section 746.5 is amended by:

- a. Adding paragraph (a) introductory text, Note 1 to paragraph (a)(1), and paragraph (a)(3);
- b. Revising paragraphs (b)(1) and (2);
- c. Adding note 2 to paragraph (b); and
- d. Adding paragraph (c)(3).

The additions and revisions read as follows:

§ 746.5 Russian and Belarusian Industry Sector Sanctions.

(a) * * * For purposes of paragraphs (a)(1)(i) through (iii) of this section, a license is not required for deemed exports and deemed reexports.

* * * * *

Note 1 to paragraph (a)(1): The exclusion for deemed exports and deemed reexports is limited to the license requirements specified in these paragraphs (a)(1)(i) through (iii). Any deemed export or deemed reexport to a Russian or Belarusian national must be made in accordance with all other applicable EAR license requirements, such as CCL-based license requirements. For example, the release of NS1 controlled technology to a Russian or Belarusian national in the United States or in a third country would require a CCL-based deemed export or deemed reexport license (as applicable). Consequently, authorization (in the form of a deemed export or deemed reexport license, or license exception eligibility) would be required under the EAR notwithstanding the exclusion in this paragraph (a)(1).

* * * * *

(3) *Exclusion from scope of U.S.-origin controlled content under paragraph (a)(1)(i) through (iii) of this section.* For purposes of determining U.S.-origin controlled content under supplement no. 2 to part 734 of the EAR when making a *de minimis* calculation for reexports and exports from abroad to Russia or Belarus, the license requirements in paragraph (a)(1)(i) through (iii) of this section are not used to determine controlled U.S.-origin content in a foreign-made item,

provided the criteria in paragraphs (a)(3)(i) and (ii) of this section are met:

(i) The U.S.-origin content is described in supplement nos. 2, 4, or 6 and is not otherwise excluded from the applicable Scope column in supplement no. 3 to this part; and

(ii) The foreign made item will be reexported or exported from abroad from a country described in supplement no. 3 to this part.

(b) * * *

(1) Applications for the export, reexport, or transfer (in-country) of any item pursuant to paragraph (a)(1)(i) of this section that requires a license for Russia or Belarus will be reviewed under a policy of denial when for use directly or indirectly for exploration or production from deepwater (greater than 500 feet), Arctic offshore, or shale projects in Russia or Belarus that have the potential to produce oil or gas. The following types of license applications will be reviewed on a case-by-case basis to determine whether the transaction in question would benefit the Russian or Belarusian government or defense sector:

(i) Applications for export, reexport, or transfer (in-country) of items that may be necessary for health and safety reasons;

(ii) Applications for the disposition of items by companies not headquartered in Country Group D:1, D:5, E:1 or E:2 in supplement no. 1 to part 740 that are curtailing or closing all operations in Russia or Belarus;

(iii) Applications for items that are predominantly agricultural or medical in nature; *and*

(iv) Replacement licenses for exports and reexports to and transfers within Russia and Belarus of items described in HTS-6 Codes or items described in supplement no. 6 to part 746 that were added to the EAR and made subject to license requirements after the validation date of the BIS license.

(2) Applications for the export, reexport, or transfer (in-country) of any item pursuant to paragraph (a)(1)(ii) or (iii) of this section that requires a license for Russia or Belarus will be reviewed under a policy of denial. The following types of license applications will be reviewed on a case-by-case basis to determine whether the transaction in question would benefit the Russian or Belarusian government or defense sector:

(i) Applications for export, reexport, or transfer (in-country) of items that may be necessary for health and safety reasons;

(ii) Applications for items that meet humanitarian needs;

(iii) Applications for the disposition of items by companies not headquartered in Country Group D:1, D:5, E:1 or E:2 in supplement no. 1 to part 740 of this chapter that are curtailing or closing all operations in Russia or Belarus;

(iv) Applications for items that are predominantly agricultural or medical in nature; and

(v) replacement licenses for exports and reexports to and transfers within Russia and Belarus to add items described in HTS-6 Codes or items described in supplement no. 6 to part 746 that were added to the EAR after the validation date of the BIS license.

Note 2 to paragraph (b): See also § 750.7(c)(1)(xi) of the EAR for the divestiture of items within Russia or Belarus or the transfer of items within Russia or Belarus for the purpose of reexporting such items from Russia or Belarus. For purposes of § 750.7(c)(1)(xi), divestiture means the action or process of selling off subsidiary business interests or investments involving items subject to the EAR.

(c) * * *

(3) License Exception AVS, excluding any aircraft registered in, owned or controlled by, or under charter or lease by Russia or Belarus or a national of Russia or Belarus (§ 740.15(a) and (b) of the EAR).

■ 6. Section 746.6 is amended by revising the section heading and paragraph (a)(1) and adding paragraph (a)(4) to read as follows:

§ 746.6 Temporarily occupied Crimea region of Ukraine and covered regions of Ukraine.

* * * * *

(a) *License requirements*—(1) *General prohibition—Temporarily Occupied Crimea Region of Ukraine.* (i) A license is required to export or reexport to or transfer within the temporarily occupied Crimea region of Ukraine any item subject to the EAR other than food and medicine designated as EAR99, or ‘software necessary to enable the exchange of personal communications over the Internet’; and

(ii) Except as described in paragraph (a)(4) of this section, a license is required to reexport, export from abroad, or transfer (in-country) to any destination any foreign-produced item subject to the EAR under the Russia/Belarus/Temporarily occupied Crimea region of Ukraine FDP rule described in § 734.9(f) of the EAR.

* * * * *

(4) *Exclusion from license requirements under paragraph (a)(1)(ii) of this section.* The countries listed in supplement No. 3 to this part have committed to implementing

substantially similar export controls on Russia and Belarus under their domestic laws. Therefore, exports or reexports from the countries listed in supplement No. 3 to this part or transfers (in-country) within the countries listed in this supplement are not subject to the license requirements described in paragraphs (a)(1)(ii) of this section, unless a limit to the exclusion is described in the Scope column in supplement no. 3 to this part.

* * * * *

■ 7. Section 746.8 is amended by:

■ a. Revising paragraph (a) introductory text, paragraphs (a)(2) and (4), and paragraph (b) to read as follows:

§ 746.8 Sanctions against Russia and Belarus.
