

“Complying with US Export Controls”
An interactive online learning experience
from the safety and comfort of your home or office
November 29 to December 2, 2022
9am to 12pm PST (UTC-8) each day

In partnership with the World Trade Center Denver (WTC Denver), and utilizing the power of virtual, interactive learning tools, BIS is offering our popular Complying with U.S. Export Controls seminar as an online program. This interactive course delivers critical information for compliance with the Export Administration Regulations (EAR).

This seminar will be a live event: an opportunity to see and hear BIS specialists present, have your questions answered, and participate in interactive exercises to expand your regulatory and compliance knowledge. Experienced BIS specialists will deliver the training in four, three-hour sessions from 9am to 12pm PST (UTC-8) daily. The information covered will include the same topics typically covered in the two day, in-person programs: scope of the EAR, how to classify your items for export, how to apply for an export license, understanding and using license exceptions, deemed exports, de minimis and direct product rules, export clearances, export enforcement, and developing an export management and compliance program. This program will also feature a guest speaker from the Census Bureau to discuss the Automated Export System.

With the travel, budget, and time limits we all face, this program offers a timely, cost-effective, and highly accessible way to learn about the EAR and the steps to comply.

Participation Requirements:

- Reliable and stable internet connection
- Computer with audio to participate in the virtual seminar and digital learning exercises

This professionally designed and monitored platform will give access to all presentation materials and include real-time question and answer sessions. If you miss one of the days, sessions will be recorded and available for viewing by attendees for a week after the seminar.

Minimum Continuing Legal Education credit (11 MCLE credits) is available for California State Bar members. For non-California State Bar members seeking MCLE credit, contact your State Bar to see if they reciprocate the California MCLE credits. Instructions to receive MCLE credit will be provided during the seminar.

Registration fee: \$350 for WTC Denver members and \$400 for non-members

Register Here:
